

Internationale Konferenz  
für Erneuerbare Energien, Bonn  
International Conference  
for Renewable Energies, Bonn

## International Feed-in Cooperation

<b>Region / country</b>	Europe / Germany and Spain
<b>Leading actor(s)</b>	<b>Germany / Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)</b>
<b>Participating actor(s)</b>	Governments of Germany and Spain
<b>Main objective(s)</b>	<ul style="list-style-type: none"><li>• Promoting the exchange of experiences between both countries</li><li>• Demonstrating the advantages of the feed-in system</li><li>• Generating a best practice paper, which specifies the criteria for success, including feed-in tariffs, guaranteed and priority grid access for renewable energy installations as well as the priority right to feed in the renewable electricity</li><li>• Assisting other countries, which want to design and implement a similar system</li><li>• Showing the possibilities to harmonise diverging national feed-in systems and how these can be combined with the principles of international trade</li><li>• Providing useful input to the international forum</li></ul>
<b>Contents</b>	In order to achieve these objectives, we will <ul style="list-style-type: none"><li>• Create a governmental working group and hold semi-annual workshops. The first one will take place in October 2004 in Germany. Support from stakeholders is welcome</li><li>• Compile annual progress reports</li><li>• Complete the best practice paper before the end of 2006</li></ul>
<b>Expected results</b>	<ul style="list-style-type: none"><li>• Further increased efficiency of feed-in system</li><li>• Increased international knowledge exchange</li><li>• Annual progress reports</li><li>• Feed-in best practise paper</li><li>• Field reports</li></ul>
<b>Target area / place</b>	Worldwide
<b>Arrangement(s) for financing</b>	The necessary costs will be covered by the participating governments
<b>Monitoring process and time frame</b>	<ul style="list-style-type: none"><li>• Annual progress reports by the cooperation</li><li>• Finish the feed-in best practice before the end of 2006</li><li>• Compile field reports in regular intervals of two years</li></ul>
